

# CHARLY'S DESERT TOURS

Operators of Namib Desert Tours and Overland Safaris since 1966

## ITINERARY OF THE 5 – DAY SAFARI – TO GAI-AS

### Day 01:

The Safari starts in Swakopmund after breakfast from your hotel. We drive to the Messum crater, a natural mountainous crater. A very lonely, but exquisite landscape unfolds. Through the Messum River with uncountable Welwitschia mirabilis, one of the oldest living plants on earth, we arrive at the Amis ravine, Brandberg, for overnight camping.

### Day 02:

Past the scenic Ugab terraces and past many species of succulents we enter the Ugab River, the home of the Black Rhino, surviving outside a National Park. The 4 x 4 track takes us past Gai-As, with mysterious huts to the Canyons, where we will put up camp.

### Day 03:

A picturesque panorama stretches for miles and miles. You get the feeling to be the only person in the world. Agates can be found. Different species of game might come for a drink at the waterhole. Overnight camping in the Canyon.

### Day 04:

Awake to the smell of fresh coffee, bacon and eggs. The path takes us through the lonely desert. Overnight camping in a seasonal riverbed.

### Day 05:

We drive through the famous Skeleton Coast Park to Cape Cross, the largest seal colony in the southern hemisphere. Close photography is possible. The Safari ends during the afternoon in Swakopmund.
