Operators of Namib Desert Tours and Overland Safaris since 1966

Sossusvlei Safari

Itinerary of the 3 – day Sossusvlei Safari

Day 01:

The Safari starts in Swakopmund and we collect you after breakfast from your hotel. We proceed to Walvis Bay, where Namibia's only deep sea harbor is situated. The lagoon shows seasonal seabirds from all over the world. Whilst driving you can relax and enjoy the colorful, constantly landscape of the Namib. Game like Ostrich, Oryx, Springbok and Ground Squirrels may be seen. The sociable weavers' gigantic nests hang in the Camelthorn trees along the roadside. Camping at Sesriem or overnight in a lodge.

Day 02:

Before sunrise we drive to Sossusvlei to the highest dunes in the world. You can enjoy a sunrise as well as a sunset in the dunes. Sightseeing of the Sesriem Canyon (six ropes were used in the early days to pull up a bucket of water). There is a possibility to see the Cape Fox at night. Camping at Sesriem or overnight in a lodge.

Day 03:

Optional and not included in our prices – a ride at dawn in an exhilarating Hot Air Balloon – entering into the immensity of the Namib Desert painted by the sunrise ...

We proceed to the Kuiseb Canyon. The caves, where two war fugitives sheltered in fear of internment will be visited. Through the gypsum plains of the Namib Desert and past various waterholes the safari ends during the afternoon in Swakopmund. End of Safari
